FROM CHAIRMAN DESK

I am very happy to know that Fabtech College of Pharmacy going to publish its Ninth Newsletter "Fabtech Pharma Newsletter" which reflects bimonthly updates of the academic, co-curricular activities and extracurricular activities of the staff and students of the college. We at FCP conceptualize to train and bring out the best in the prospective pharmacist, keeping in view the focus and the direction as demanded by the trends in the pharmaceutical care sector by providing efficient infrastructure, laboratories, digital library for students and staff professionally skill full. We have also intervened in doing bit towards the society and have engaged in various health campaigns for the community through the enrolment of staff and students. With this aims at preparing the students as Pharmacists and making them aware of their rights and duties stipulated on moral issues based on pharmacy ethics and values. I wish you all the best for your efforts.

Hon. Shri. Bhausaheb A. Rupnar
Chairman

FROM PRINCIPAL DESK

It is my privilege to publish the ninth copy of Fabtech Pharma Newsletter 2023. The last two months has been phenomenal in all the respects as well could add so many activities for the students and staff which were successfully completed and has brought the name to the department. This copy will give the information related to academic, co-curricular activities carried out in last two months. Under the visionary and strategic guidance of our management we march in achieving a sustainable success. Our students, faculty and staff come together as a true community of scholars to advance knowledge overcome challenges to pursue their fulfilments. We believe that 'Education' is a wholesome, holistic exercise and as such we strive to give a whole new meaning to word.

BIMONTHLY COLLEGE NEWSLETTER

Startup India Scheme

Startup India Scheme is an incubator, accelerator, and leadership springboard for social entrepreneurs. Through the scheme, the government works with early-stage social entrepreneurs to launch ventures that create deep impact, facilitate growth-stage social entrepreneurs to scale their models and drive large-scale systemic change, and rain and coach leaders for the sector, who are as yet unrecognized and untapped.

The Government of India's flagship program, Startup India, aims to create a robust ecosystem for fostering startups and innovation in the nation, fostering long-term economic growth and creating significant employment possibilities. The government hopes that this effort will enable startups to develop via creativity and innovation.

The I-MADE program, which aims to assist Indian entrepreneurs in creating 10 lakh (1 million) mobile app start-ups, and the MUDRA Bank's scheme (Pradhan Mantri Mudra Yojana), which aims to provide microloans with low-interest rates to business owners from low socioeconomic backgrounds, have already been introduced by the government under the Startup India Scheme.

What are Startups?

A startup refers to a business that is just getting started. Startups are created by one or more business owners who desire to provide a good or service for which they feel there is a market. These businesses typically have large startup expenses and little income, so they seek funding from several sources, including venture capitalists. Across 56 diverse sectors, the Department for Promotion of Industry and Internal Trade (DPIIT) has acknowledged startups. It is interesting to note that under the Startup India Scheme, the number of startups increased from 471 in 2016 to 72,993 in 2022.

What is Start Up India Scheme?

The economy of every country depends on its countrymen. Larger the number of employed or working people, better the economy. The Indian Government realised that Indian people have a potential to work hard, all they need is a promising start up. Many people dream of starting up their own business but due to financial or other similar issues are unable to do so. So, Indian Government in the leadership of Narendra Modi has decided to offer a gift as a nation wide programme - "Start Up India".

Narendra Modi in his speech acknowledged that Indians have ideas & capability, all the need is a little push. "Start Up India is a revolutionary scheme that has been started to help the people who wish to start their own business. These people have ideas & capabilities, so the Government will give them support to make sure they can implement their

ideas and grow. Success of this scheme will eventually make India a better economy and a strong Nation."

During the speech at the event, Mr. Modi said that we are trying to make the young job creators rather than job seekers. He also said that one's mindset should not be towards earning money in the initial phase, it should be rather on grabbing and using the opportunities.

Technology is evolving with the pace faster than ever. This has given birth to various new businesses like E-commerce, internet marketing etc. So, there is a great scope of development in such areas. Those who plan to start new business are eligible to apply.

Start-up Scheme Launch

The event was inaugurated on 16 January 2016 by the finance minister Arun Jaitley. Among the attendees were around 40 top CEOs and startup founders and investors from Silicon Valley as special guests including Masayoshi Son, CEO of SoftBank, Kunal Bahl, founder Snapdeal, Ola founder Bhavish Aggarwal, Paytm founder Vijay Shekhar Sharma, Travis Kalanick, founder of Uber, Adam Nuemann, CEO of WeWork, Sachin Bansal, founder of Flipkart and others.

Government's Role

The Ministry of Human Resource Development and the Department of Science and Technology have agreed to partner in an initiative to set up over 75 such startup support hubs in the National Institutes of Technology (NITs), the Indian Institutes of Information Technology (IIITs), the Indian Institutes of Science Education and Research (IISERs) and National Institutes of Pharmaceutical Education and Research (NIPERs). The Reserve Bank of India said it will take steps to help improve the 'ease of doing business' in the country and contribute to an ecosystem that is conducive for the growth of start-up businesses.

Benefits of Start Up India Scheme

The benefits under the Startup India Scheme are:

- ❖ Investment pool for startups of 10,000 crores.
- ❖ Reduction in the cost of registering a patent.
- ❖ Enhanced Bankruptcy Code to guarantee a 90-day timeframe for filing.
- ❖ For the first three years of operation, there will be no inspections. For the first three years of business, there is no tax.
- ❖ There will be tax-exempt capital gains during the first three years of operation.
- ❖ Conformity with self-certification.
- ❖ A hub for innovation was established as part of the Atal Innovation Mission.
- ❖ To focus on 5 lakh schools and engage 10 lakh kids in programs connected to innovation.
- ❖ New programs to protect startup companies' intellectual property.

BIMONTHLY COLLEGE NEWSLETTER

What is the eligibility for startups?

To become eligible as a startup and get a green signal from the Inter-Ministerial Board, the entity should be the one which aims to develop and commercialize a new product or service or process or a significantly improved existing product or service or process that will create or add value for customers or workflow. Products, services or process, which do not have potential for commercialization or is undifferentiated or have no or limited incremental value will not be considered under the Scheme. To be considered as eligible as startup the entity, should be supported by

- ❖ a recommendation (with regard to innovative nature of business), in a format specified by Department of Industrial Policy and Promotion, from an Incubator established in a post-graduate college in India
- ❖ an incubator, which is funded (in relation to the project) from Government of India as part of any specified scheme to promote innovation.
- ❖ a recommendation (with regard to innovative nature of business), in a format specified by

DIPP, from an Incubator recognized by Government of or

- ❖ be funded by an Incubation Fund/ Angel Fund/ Private Equity Fund/ Accelerator/ Angel Network duly registered with SEBI that endorses innovative nature of the business or
- ❖ be funded by Government of India as part of any specified scheme to promote innovation or
- ❖ have a patent granted by the Indian Patent and Trademark Office in areas affiliated with the nature of business being promoted.

How Startup India Scheme Facilitated Growth of Start Up in India?

The Government of India, under various programs undertook the below mentioned initiatives to promote the Startup India Scheme in all parts of the country.

Startup India Action Plan

- ❖ The Action Plan established the framework for government assistance, programmes, and incentives intended to develop a thriving startup ecosystem in the nation.
- ❖ There are 19 actions included in it, covering topics like simplification and support, funding assistance and incentives, and industry-academia collaboration and incubation.
- ❖ The Startup India Action Plan established the framework for government assistance programmes, and incentives intended to develop a thriving startup ecosystem in the nation.

Startup India Hub

- ❖ It is a first-of-its-kind online platform that enables interaction and discovery between all participants in India's entrepreneurial ecosystem.
- ❖ Startups, investors, funds, mentors, academic institutions, incubators, accelerators, corporations, governmental bodies, and more are all hosted by the online hub.

Startup India Seed Fund Scheme (SISFS)

It seeks to offer funding help to entrepreneurs for market entry, product testing, prototype creation, proof of concept, and commercialization.

Government Schemes

- ❖ The National Initiative for Developing and Harnessing Discoveries (NIDHI), an umbrella programme started by the Department of Science and Technology (DST), aims to foster knowledge-based and technology-driven innovations into profitable enterprises.
- ❖ The PRAYAS initiative, which was created to support entrepreneurs financially, stands for Promoting and Accelerating Young and Aspiring Innovators and Startups.

Defense Sector and Biotechnology

- ❖ The Innovations for Defence Excellence (iDEX) program was established by the Department of Defense Production with the goal of

encouraging innovation and technological advancement in the defence and aerospace sectors by involving businesses, R&D organizations, and academic institutions and giving them funding to conduct research.

- ❖ Through the Biotechnology Industry Research Assistance Council (BIRAC), the Department of Biotechnology supports and fosters biotechnology businesses in order to promote biotechnology innovation.

Atal Innovation Mission

- ❖ The government has established Atal Incubation Centers (AIC) as part of the Atal Innovation Mission to foster businesses in various industries.
- ❖ Additionally, it has introduced the Atal New India Challenge (ANIC) program to help entrepreneurs with technological ideas that address pressing societal and national problems.

Start Up India Initiative: Process of Registration

The following are the prerequisites for successful registration of businesses under the Startup India scheme:

- ❖ Before starting a business, a person should incorporate it as a Private Limited Company, a Limited Liability Partnership, or a Partnership Firm and get the PAN, certificate of incorporation, and other necessary compliances.
- ❖ To register a business, a person must first connect to the Startup India official website,

complete the registration form, and upload all necessary paperwork.

- ❖ Some of the crucial documents needed for registration are a letter of recommendation, an incorporation/registration certificate, and a brief description of the business.
- ❖ Since start-ups are not eligible for income tax benefits, businesses must first be approved by the Department of Industrial Policy and Promotion (DIPP) in order to take advantage of these advantages. In order to be qualified for IPR-related benefits, they must also hold an Inter-Ministerial Board (IMB) certification.
- ❖ You will receive a recognition number for your startup as well as a certificate of recognition right away following successful registration and document verification.

An industrial visit was organized for the students of Fabtech College of Pharmacy to DCI Pharmaceuticals, Margao, Goa. a leading pharmaceutical company located in the outskirts of the city.

The visit was conducted on 25th March, 2023 and a total of 40 students accompanied by 2 faculty members were present. The visit started with a brief introduction to the company and its history, followed by a presentation on the various processes involved in drug manufacturing, quality control measures, and regulatory compliance. The students were taken on a tour of the manufacturing unit, where they observed the various stages of drug production, including raw material handling, formulation, packaging, and labelling. The students also got a chance to interact with the production team and understand the challenges and opportunities in the industry.

The next part of the visit was to the quality control lab, where the students saw various tests conducted to ensure the quality of the drugs. The lab personnel demonstrated the use of advanced equipment such as High-Performance Liquid Chromatography (HPLC) and Infrared Spectroscopy (IR) to analyse drug samples.

After the lab visit, the students were taken to the site seeing in Goa.

Celebrated Annual Gathering "FAB'SM" in Fabtech College of Pharmacy, Sangola

One of the most anxiously awaited occasions each year in any college is its annual day. Great excitement and joyful activities are visible all around. This is the day where one discovers as the colors of cultural feast

unfold! The prize-winners and those who are participating in the cultural programme to be presented on that day are especially elated.

Gone are the days when only academic programs were the only activities organized in colleges and all students focused on that. With the changing trend we have noticed a major difference in the field of academics too. Students don't want to be bookworms; they look for other options that could help them in the future. In this high-tech world, every student wants to acquire knowledge in every field to stay updated. Extra co-curricular activities play vital role in the life of students.

To provide a platform to the ingenious endeavors of students, three days Annual Gathering "FAB'SM" organized and celebrated by Fabtech College of Pharmacy, Sangola on 11/04/2023 to 13/04/2023 at Fabtech Technical Campus, Sangola.

In the morning of first day various sports events like Cricket, Kho-Kho, Kabaddi, Chess and Carom was carried out.

Second day morning started with Fun fair, funny games, twins day, mismatch day, Bollywood day such events were conducted.

फॅबटेक कॉलेज ऑफ फार्मसी, च्या विद्यार्थ्यांचे स्नेहसंमेलन उत्साहात संपन्न

संयोजक/प्रतिनिधी :

सांगोला येथील फॅबटेक कॉलेज ऑफ फार्मसी, च्या विद्यार्थ्यांचे वार्षिक स्नेहसंमेलन पार पडले. गावेली विद्यार्थ्यांच्या आधिष्काराने सर्वादी मने जिकली.

अध्यक्षस्थानी फॅटिक कॉलेज ऑफ फार्मसी चे संस्थापक उपस्थित होते. या स्नेहसंमेलनाच्या चार दिवसाच्या कार्यक्रमांमध्ये दोन दिवस स्पोर्ट्स चे आयोजन करण्यात आले होते. त्यामध्ये

क्रिकेट, ब्हालीबॉल, कबड्डी आणि खोखो, केरम आणि चैस अशा गेम्स चे आयोजन करण्यात आले होते. कार्यक्रमाच्या सुरुवातीला श्री शुभम मुखर अंतीम वर्ष बी. फार्मसी यांनी ओपन रॅडिंग यमिनिमिंगी कच्ची

स्पर्धा, कोल्हापुर येथे चमकदार कामगिरी केल्याबद्दल त्यांचा सत्कार करण्यात आला. त्यानंतर प्रेरमन मा. श्री. भाऊसाहेब रायनर व कॅम्पस डिप्लोमेट श्री. संजयजी आदटे यांनी विषयाव्याप्तीचा मार्गदर्शन केले. तसेच मान्यवरांच्या हस्ते डॉ. लवंगडे, डॉ. सोनवणे आणि, डॉ. राऊत यांनी पेटेंट पब्लिश केल्याबद्दल आणि पुस्तक प्रकाशीत केल्याबद्दल सत्कार करण्यात आला. प्राचार्यांनी संस्थेच्या छद्मता आलेख सांगून मार्गदर्शन केले आणि शुभेच्छा दिल्या. कार्यक्रम यशस्वी होण्यासाठी प्रा. माने, डॉ. योगेश राऊत, यशराज घाडगे, ज्योती बुगड तसेच सर्व प्राध्यापक यांनी प्रयत्न केले.
